

Php Pdf Add-ons - Defect #688

Tcpdf Table - Page braking cells too long

08/11/2014 09:09 PM - Andrei Bintintan

Status: Closed	Start date: 08/11/2014
Priority: Normal	Due date:
Assignee: Andrei Bintintan	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version:	
Description	
When a page-break occurs sometimes the last cells are going over the page-break limit.	
The issue comes from	
<ul style="list-style-type: none">• @param \$ignore_min_height (boolean) if true ignore automatic minimum height value. parameter of the ::Cell function in tcpdf.	
Screenshot attached.
